## TRUE FITNESS 400 COMMERCIAL TREADMILL w/ MEDICAL HANDRAILS

The C400 provides your commercial facility reliable performance and a high-quality experience with features like HRC Heart Rate Control® and TRUE'S low-impact Soft System®. In addition, the C400 is the ideal choice for rehabilitation use at health and medical facilities with a low speed of only .2 mph. A variety of console options provide the technology, features, and asset management needed for your facility.

MSRP \$7899

**YOUR PRICE \$5150**

## SPIRIT MT200 GAIT TRAINER TREADMILL

The MT200 features one speed control motor, an incline motor, and a decline motor. Three motors together help users to achieve bidirectional training in combination with uphill or downhill protocols. Adding more versatility to exercise and therapy options, the parallel bars, deck height, and belt speed acceleration are adjustable in small and precise increments. Biofeedback is offered for clinicians to accurately assess user gait performance. Feedback includes the symmetry index, which is particularly outstanding for clinicians to condition users' step and cadence.

MSRP \$10999

**YOUR PRICE \$6760**

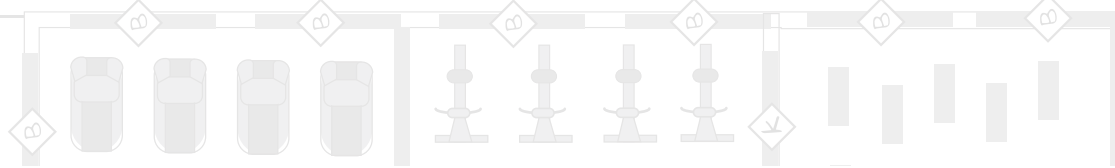

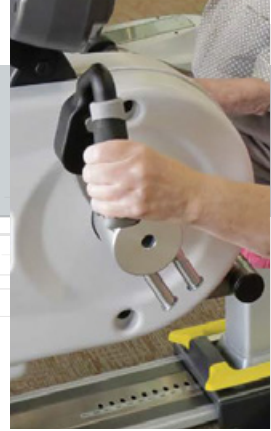

## SCIFIT AC5000M MEDICAL TREADMILL

With a low starting speed of .1 mph, adjustable in .1 increments, the AC5000 makes it easy to start progressing toward your goals. In addition to its low starting speed of .1 mph, the AC5000M Medical Treadmill increases your options with reverse motion up to 4 mph and a -3% decline for downhill training. Includes 2 handrails.

MSRP \$9310

**YOUR PRICE \$7490**

## SPIRIT CRS800S RECUMBENT STEPPER

The CRS800S Recumbent Stepper makes total-body exercise accessible for a wide variety of users. Regardless of age or physical ability, the CRS800S offers a variety of features that take the effort out of getting on and working out. The step-through frame design, retractable armrests, and swiveling seat assembly allow easier machine entry/exit. Multi-grip adjustable handles, oversized cushioned pedals with adjustable straps, adjustable armrests, and a 4-way adjustable high-density foam seat with 360-degree swivel create a comfortable workout experience.

MSRP \$5399

**YOUR PRICE \$3200**

## OCTANE FITNESS XR6000 RECUMBENT ELLIPTICAL

Challenge your members to test ride the Octane Fitness xRide xR6000 seated elliptical for a workout to remember. Quite simply, the Octane Fitness xRide xR6000 seated elliptical outperforms any other seated product on your fitness floor. Studies show that exercisers use 343% more glutes and burn 23% more calories on the xRide xR6000 compared to a recumbent bike. Features a swivel seat for easy accessibility.

MSRP \$7999

**YOUR PRICE \$4899**

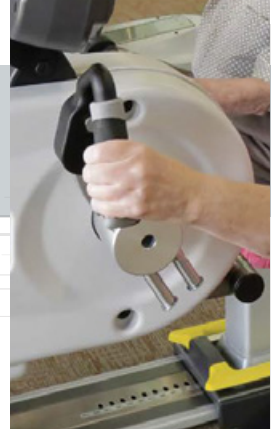

## SCIFIT STEPONE RECUMBENT STEPPER

The StepOne™ Recumbent Stepper provides a smooth, total body functional movement. It features low starting resistance, direct wheelchair access, adjustable arm length and handle angle, customizable programs and documentation to help users reach their goals. Optional swivel seat available.

MSRP \$6879

**YOUR PRICE \$5150**

## SCIFIT PRO1 UPPER BODY

This versatile, highly adjustable upper body exerciser can be used seated or standing. It is also ideal for ground-based training. Adjustable tilt head for all heights and ranges of motion. True, adjustable step-through accessibility. Wheelchair platform included.

MSRP \$6479

**YOUR PRICE \$4100**

## SCIFIT PRO2 TOTAL BODY

The industry's most versatile rehabilitation tool, the PRO2® is an upper body exerciser and lower body recumbent bike in one for a total body solution. Dependent upper and lower cranks enable passive assistance. Dependent motion allows stronger extremities to assist weaker ones. Easy access with true, adjustable step through and removable seat for wheelchair accessibility.

MSRP \$6679

**YOUR PRICE \$4450**

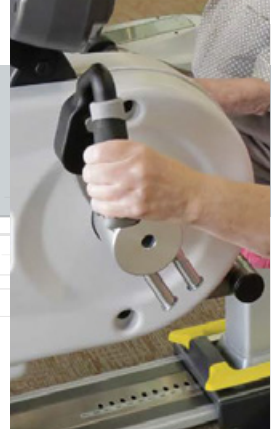

## CYBEX 525AT TOTAL BODY ARC TRAINER

The Cybex 525AT is ideal for workout spaces where space is at a premium. It delivers the legendary calorie burn, performance, and flexibility of all Arc Trainers, but in a streamlined package that delivers outstanding value. The Arc Trainer® burns up to 16% more calories than competing ellipticals or cross trainers. It reduces knee strain by 83% and improves muscular endurance by 38%.

MSRP \$7269

**YOUR PRICE \$5379**

## SCIFIT CORE STIX

Core Stix is a functional trainer that uses rods (Stix) to guide exercisers toward their fitness goals. It is a simple, versatile tool that encourages progress by helping people who need assistance, and giving resistance to those who are looking for more of a challenge. It's a heavy-duty, lightweight and portable system that uses fiberglass poles (Stix) for resistance and assistance.

MSRP \$2859

**YOUR PRICE \$2350**

## STAIRMASTER HIIT UBE

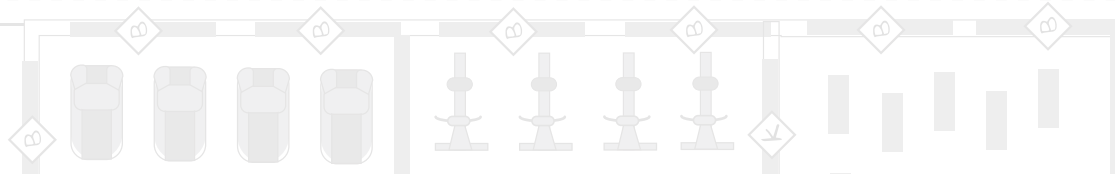

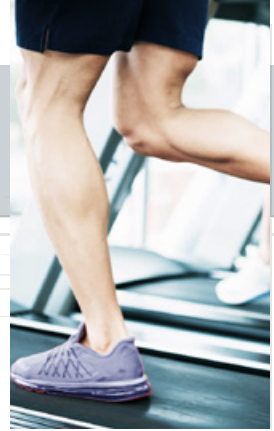

When it comes to discipline and perseverance, few workouts will challenge you more than those on the Upper Body Ergometer. Whether used in a rehabilitation setting or high performance fitness center, the StairMaster HIIT UBE adjustable tower, convertible crank arms and comfortable grips let you tailor the workout with the right range of motion for your shoulders, back, wrists, and elbows. An optional ramp and removable bench allows wheelchair access and meets ADA criteria.

MSRP \$4499

**YOUR PRICE \$3100**

## STAR TRAC 4 SERIES TREADMILL

The 4-Series cardio line from Star Trac® is the perfect solution for the hospitality and multi-housing markets. With premium full color flat panel displays, quick select adjustment keys, and optional personal viewing screen, the 4 series provides smaller facilities with the look and performance of a full commercial product.

MSRP \$4649

**YOUR PRICE \$2790**

## TRUE FITNESS 200 COMMERCIAL TREADMILL

For facilities where fitness is one of many offerings, the 200 Series treadmill provides essential features and functions that meet your space and budget needs. With premium features, such as HRC Heart Rate Control® and TRUE'S low-impact Soft System®, the 200 treadmill will exceed the expectations of experienced users as well as beginners.

MSRP \$6499

**YOUR PRICE \$4200**

## LIFE FITNESS INTEGRITY SERIES TREADMILL

The Integrity Series Treadmill is the evolution of the trusted Life Fitness workhorse with three different unit options. Multiple console choices let facilities choose the experience their exercisers want. Each treadmill offers wireless internet connection. Integrity Treadmills are for those who want a sleek design and intuitive console with added workouts, or those who just want to get on and go.

MSRP \$8039

**YOUR PRICE \$6200**

# ELLIPTICALS / CROSS TRAINERS

## STAR TRAC 4 SERIES ELLIPTICAL

The 4 Series cardio line from Star Trac is the perfect solution for the hospitality and multi-housing markets. With premium full color flat panel displays, quick select adjustment keys, and optional personal viewing screen, the 4CT provides smaller facilities with the look and performance of a full commercial product.

MSRP \$3499

**YOUR PRICE \$2399**

---

## TRUE FITNESS 200 ELLIPTICAL

The TRUE 200 Elliptical combines the durability and performance expected all over the world from TRUE at a value to meet your budget demands.. The 200 provides an effective, low-impact workout that delivers optimal results. Covered with a solid warranty, the 200 will meet the demands of use for years to come.

MSRP \$5499

**YOUR PRICE \$3395**

---

## OCTANE FITNESS PRO3700 ELLIPTICAL

The Pro3700 Classic elliptical machine offers the same high-end performance features and exceptional quality at an unbeatable value. The Pro3700 Classic features the natural, smooth motion that Octane is known for with close pedal spacing along with the MultiGrip and Converging Path handlebars so it fits different size users.

MSRP \$5999

**YOUR PRICE \$3689**

---

## LIFE FITNESS INTEGRITY SERIES ELLIPTICAL

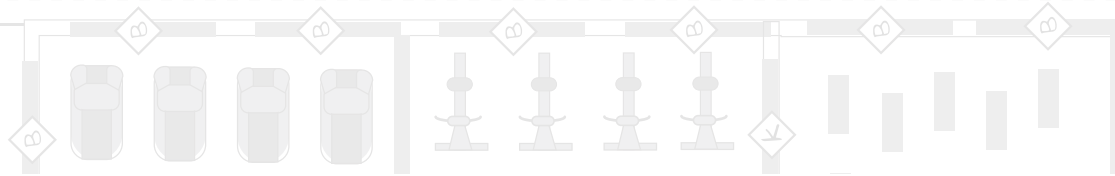

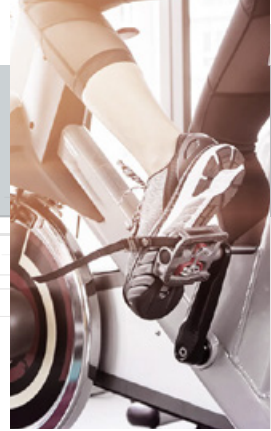

Designed to offer a natural-feeling motion and an effective low-impact cardio workout for a wide range of exercisers. Multiple console choices let facilities choose the experience their exercisers want—create an engaging cardio experience with easy access to entertainment and fitness apps, or allow for intuitive get-on-and-go workouts.

MSRP \$6810

**YOUR PRICE \$4590**

---

## STAR TRAC 4 SERIES RECUMBENT BIKE

The 4RB Recumbent Bike from Star Trac features a convenient walk-through design that allows easy, unimpeded access to the seat during entry and exit, which is especially beneficial to active aging and those in rehabilitation who may have difficulty or discomfort lifting their legs or climbing into a seat saddle. A ventilated seat back provides support on the lower back allowing a more comfortable experience during periods of extended riding.

MSRP \$3070

**YOUR PRICE \$2026**

## TRUE FITNESS 200 RECUMBENT BIKE

The TRUE 200 Recumbent Bike provides the essential features and functions that meet your space and budget requirements. The design of the recumbent bike is meant to reduce back stress while comfortably distributing weight and maximizing support. The 200 offers simple programming, making exercise an easy and enjoyable process for users of all ages and fitness abilities.

MSRP \$3399

**YOUR PRICE \$2195**

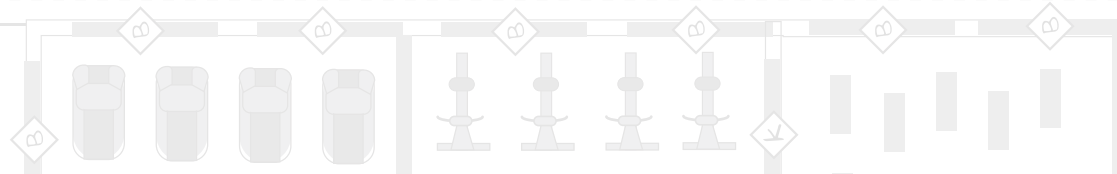

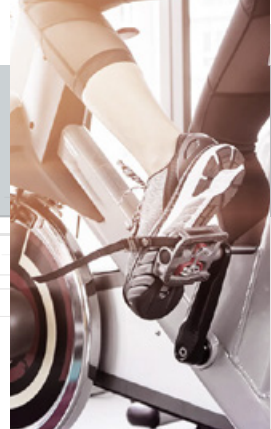

## LIFE FITNESS INTEGRITY SERIES RECUMBENT BIKE

Multiple recumbent bike combinations offer comfortable and inviting experiences for any exerciser. The Integrity Series benefits from a sleek and modern design, and is rooted in more than 20 years of reliability and innovation. Each bike offers wireless internet connection, which provides valuable asset management data and insights about your exercisers.

MSRP \$4269

**YOUR PRICE \$3201**

## TRUE FITNESS 200 UPRIGHT BIKE

The CS200 upright bike is built on a custom-designed, racetrack-inspired steel frame that is a perfect complement to any exercise facility. TRUE uses the most durable materials available in this class to ensure the CS 200 upright bike will look good for the long haul.

MSRP \$2699

**YOUR PRICE \$1795**

## STAR TRAC 4 SERIES UPRIGHT BIKE

The 4UB Upright Bike from Star Trac is a light institutional rated stationary exercise cycle offering 40 levels of electronic resistance for cardiovascular exercise. Star Trac's SOFT TRAC pedals are cushioned to keep pressure off the bottoms of the feet. Elbow supports and racing style handlebars provide comfortable arm and hand positions to create a more realistic cycling experience.

MSRP \$2768

**YOUR PRICE \$1826**

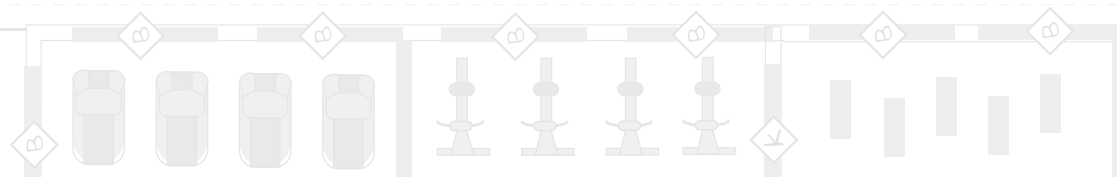

## LIFE FITNESS INTEGRITY SERIES UPRIGHT BIKE

Multiple upright bike combinations offer comfortable and inviting experiences for any exerciser. The Integrity Series benefits from a sleek and modern design, and is rooted in more than 20 years of reliability and innovation. Each bike offers wireless internet connection, which provides valuable asset management data and insights about your exercisers.

MSRP \$2976

**YOUR PRICE \$3969**

## SCHWINN AC PERFORMANCE INDOOR BIKE

For a high-quality, lightweight stationary workout bike, look no further than the AC Performance Plus from Schwinn. With an aluminum frame and weighing only 112 pounds, this bike is a clear winner in lightweight performance. Still, it's a serious exercise machine that can be optimized for each user to ensure maximum results, be they in distance, endurance, calories burned, and more.

MSRP \$1649

**YOUR PRICE \$1071**

## OCTANE FITNESS AIRDYNE ADX FAN BIKE

Building on the Airdyne's long heritage of innovation and performance, the self-powered AirdyneX boasts Octane's trademark durability, with heavy-duty construction and a moisture-repellant frame. With a user-defined pace and resistance, the AirdyneX accommodates all exercisers; from beginners to athletes.

MSRP \$1799

**YOUR PRICE \$1170**

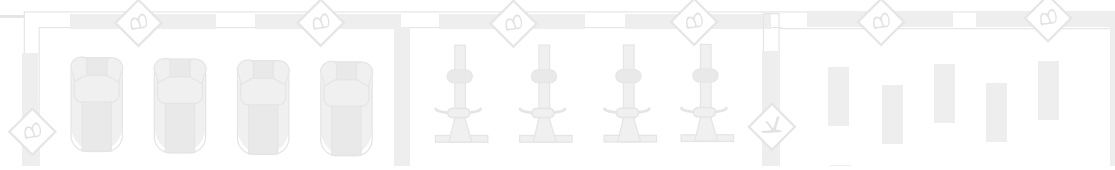

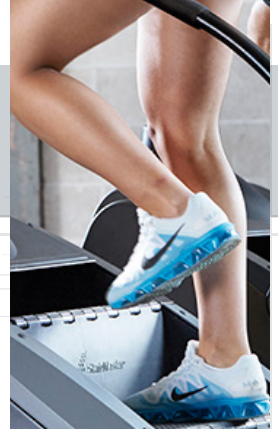

## LIFE FITNESS IC5 INDOOR CYCLE

The IC5 combines innovative design with precision engineering and high-quality mechanical components. Bluetooth pairing, ANT+ data streaming, advanced magnetic resistance and an intuitive LCD combine to deliver a powerfully engaging exerciser experience that includes data exchange between devices and the Coach By Color intensity guide.

MSRP \$2689

**YOUR PRICE \$2000**

## STAIRMASTER 4G STEPMILL

As the newest addition to the StairMaster family, the 4G delivers the same heart-pounding StepMill workout with a great calorie burn through a low-impact stair climb. With a footprint of 54" x 29" and a height clearance of only 8 feet, the 4G is the solution this market has been missing. Available with a variety of OpenHub console options, safety-stop sensor and a redesigned handrail system that supports multiple climbing positions and includes integrated speed and stop controls for a better user experience.

MSRP \$7299

**YOUR PRICE \$4400**

## TRUE FITNESS PALISADE CLIMBER

Offering premier safety features, best-in-class serviceability and versatile ease-of-use, TRUE's Palisade Climber has been crafted to be rich in experience for exercisers and easy to maintain for your facility. Multiple console options provide customizable features, technology, and asset management capabilities for enhanced user engagement.

MSRP \$10000

**YOUR PRICE \$6200**

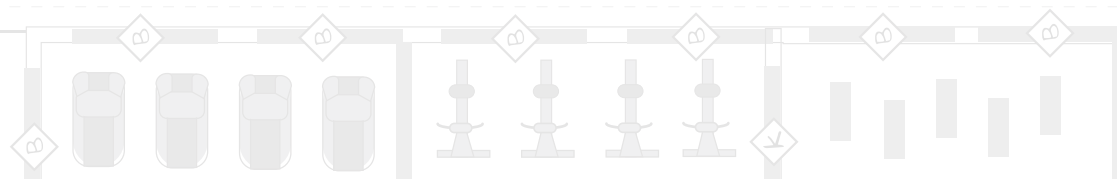

## STAIRMASTER 8Gx STEPMILL

Introducing the all-new StairMaster 8Gx! This powerhouse product provides a superior combination of cardio and strength training with features like a durable, rust free polypropylene construction, ergonomic handrails to support multiple climbing positions and an all-new drive train that delivers smooth, quiet performance. Its combination of quality and innovation delivers a workout that's quite literally a step up compared to everything else in the gym.

MSRP \$10199

**YOUR PRICE \$6500**

## SPIRIT WATER ROWING MACHINE

The Spirit Fitness CRW800H20 Water Rowing Machine is a fresh take on one of the most popular full-body workouts available. Constructed with heavy-duty dual aluminum slide rails that are built to last, without compromising the smooth and quiet performance you expect from a premium water rowing machine. The water tank allows for up to 6 levels of resistance and is positioned at a 45-degree angle to provide an increased range of resistance compared to other rowers on the market.

MSRP \$2399

**YOUR PRICE \$1600**

## OCTANE FITNESS RO ROWER

With combined fan and magnetic brake resistance, the Octane Ro provides a broader range of intensity levels to facilitate easy warm-ups to all-out HIIT intervals, and everything in between. Beginners to athletes can benefit from this progressive resistance that offers continuous challenge to inspire powerful performance and yield results.

MSRP \$2199

**YOUR PRICE \$1260**

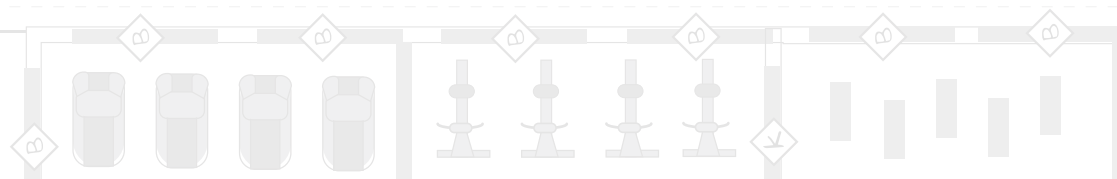

## STAIRMASTER HIIT ROWER

Recognized as one of the top fitness activities, rowing has exploded into HIIT Training as a true total body exercise, and no one knows HIIT better than StairMaster. The StairMaster HIIT Rower uses fan-based resistance ideal for rowing as it accommodates the user's fitness level.

MSRP \$2099

**YOUR PRICE \$1260**

# FUNCTIONAL TRAINERS

## HOIST FITNESS MI5 FUNCTIONAL TRAINER

The Mi5 features two cable arms with two planes of movement. A unique three-point cable adjustment system allows for more than 1,000 cable adjustment variations. Both arms can move vertically through 22 different height adjustments. Additionally, each arm can move independently through 7 positions and 160 degrees accommodating users of all heights and size. The Mi5 also features a built-in tablet and accessory holder, water bottle holder and weight lock for suspension exercises.

MSRP \$3299

**YOUR PRICE \$2100**

## TRUE FITNESS FS-100 FUNCTIONAL TRAINER

With the ultimate in versatility and a host of integrated accessories, your members can tailor their workout based on their needs. With commercial quality construction and premium aesthetics, the FS-100 is the perfect choice for hotels and resorts, corporate fitness centers, police and fire agencies, apartment and condominium complexes, personal training studios or any facility where space and budget are limited.

MSRP \$4199

**YOUR PRICE \$2561**

## TRUE FITNESS XFT-100 FUNCTIONAL TRAINER

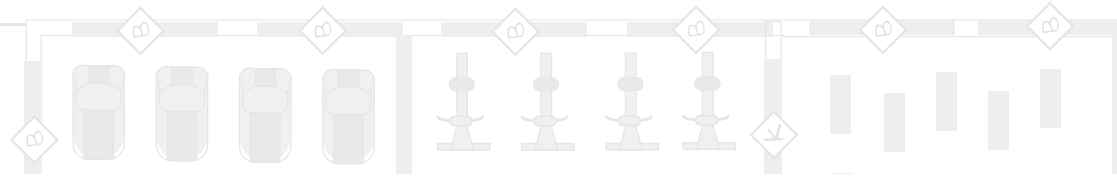

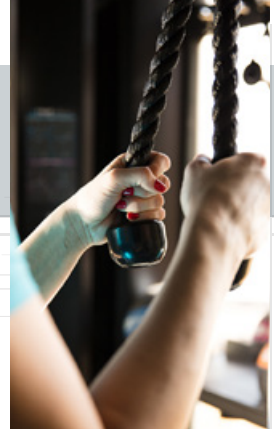

Rotating vertical adjustment columns and multi-position Extreme Swing Arms allow unrestricted movement in multiple planes making the value engineered XFT-100 the ideal tool for sports performance, athletic conditioning and fitness training in any facility where space and budget are limited.

MSRP \$6299

**YOUR PRICE \$3842**

# MULTI-STATION

## TRUE FITNESS MP 2.0 MULTI-USE STATION

The MP 2.0 includes 2 weight stacks and 3 workout stations. Offering premium styling and optimum function, the MP Series represents the best value-priced two, three, and four stack multi-purpose units on the market today. With commercial quality construction and proper biomechanics, MP is the perfect choice for hotels and resorts, corporate fitness centers, police and fire agencies, apartment and condominium complexes.

MSRP \$8699

**YOUR PRICE \$5400**

## TRUE FITNESS MP 2.5 MULTI-STATION

## FREE WEIGHTS & BENCHES

### VTX CAST IRON KETTLEBELLS

Intended to increase strength, agility, endurance and balance, our Troy VTX Cast Iron kettlebells will give you a total body workout. With a larger, ergonomically rounded handle, it is perfectly suited for single or dual hand core body movements. A quality finish creates less friction when changing hand positions on transitional lifts. Set of 10 includes: 5 lb, 10 lb, 15 lb, 20 lb, 25 lb, 30 lb, 35 lb, 40 lb, 45 lb, and 50 lb kettlebells.

MSRP \$396

**YOUR PRICE \$285**

### VTX 8 SIDED RUBBER ENCASED DUMBBELLS 5-30 LB.

For over a decade, our VTX 8 sided, rubber encased dumbbell has been the go-to choice of institutions nationwide because of its rugged design and enduring performance. Its proprietary rubber surface helps to reduce noise and protect floors and equipment, while solid steel, chrome ergo handles are medium knurled to provide a firm, comfortable grip. 6 pairs include 5, 10, 15, 20, 25, 30 lbs.

MSRP \$646

**YOUR PRICE \$465**

### VTX 8 SIDED RUBBER ENCASED DUMBBELLS 5-50 LB.

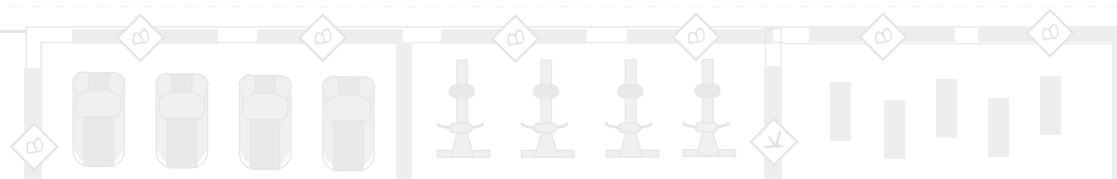

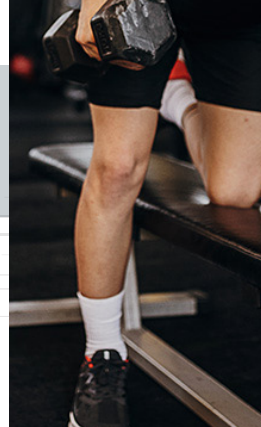

Our Troy line of SD-R VTX 8 sided rubber encased dumbbells are perfect for home use or in an institutional setting. These dumbbells will help reduce noise and protect flooring and equipment. Built with all steel chrome contoured handles, our VTX rubber encased dumbbells are built to last. 10 pairs include 5, 10, 15, 20, 25, 30, 35, 40, 45, 50 lbs.

MSRP \$1520

**YOUR PRICE \$1095**

## FREE WEIGHTS & BENCHES

### VTX 8-PAIR DUMBBELL RACK

This VTX Dumbbell Rack features quality steel construction with dumbbell racking wear guards to help protect dumbbell handles and the rack from scratches that can lead to the corrosion process. The GVDR-8 also offers a compact footprint, helping to maximize space, and an attractive chrome top with embossed VTX logo. This 2-sided vertical dumbbell rack is light commercial grade, ideal for home use, school weight rooms, physical therapy clinics and other light commercial fitness facilities.

MSRP \$267

**YOUR PRICE \$192**

### VTX KETTLE BELL / ACCESSORY RACK

Our VTX GKBR-3 is a stylish, space saving, small footprint rack that conveniently stores multiple Kettlebells, bands, jump ropes and other accessory pieces. With its 4 shelves, 4 hooks and corner design, the VTX GKBR-3 is the perfect solution for facilities or homes with limited space.

MSRP \$302

**YOUR PRICE \$217**

### VTX 13-PAIR VERTICAL DUMBBELL RACK

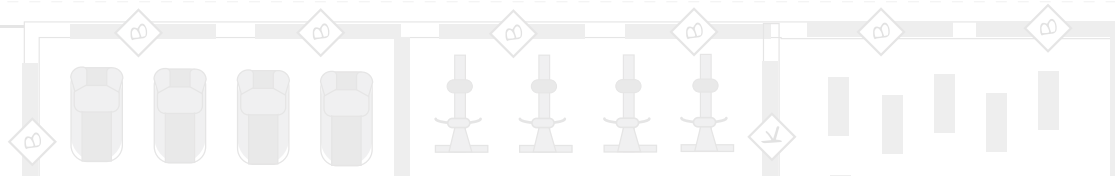

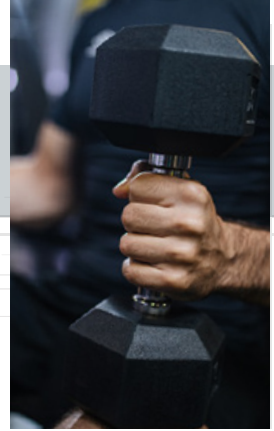

Save space! This compact rack fits well in a convenient spot in the middle of the room where you can access it on all 4 sides. Compare to horizontal dumbbell racks that take up much more floor space. The user-friendly design features open slots for the dumbbells so you can grab the dumbbells firmly while picking up or racking them.

MSRP \$413

**YOUR PRICE \$297**

## FREE WEIGHTS & BENCHES

### VTX 2-TIER HORIZONTAL DUMBBELL RACK

This rack features an open-slot design to allow you to reach your hand around each dumbbell handle firmly as you put it up or set it down, unlike flat shelf style racks where your hand can bang against the shelf more easily. Holds 5-50lb Run of Hex Dumbbells (10 Pairs).

MSRP \$338

**YOUR PRICE \$243**

### TRUE FITNESS FLAT/INCLINE/DECLINE BENCH

The FS-20 flat/incline/decline bench is a high-quality compact, utility bench. It is padded so your customers can stay comfortable as they perform their workouts. The flat/incline/decline bench comes with wheels for easy moving around your gym facility. Both trainers and customers can easily adjust the placement to allow for more space. 6-position adjustment ranging from -10 to 80 degrees.

MSRP \$699

**YOUR PRICE \$461**

### LIFE FITNESS AXIOM SERIES ADJUSTABLE BENCH

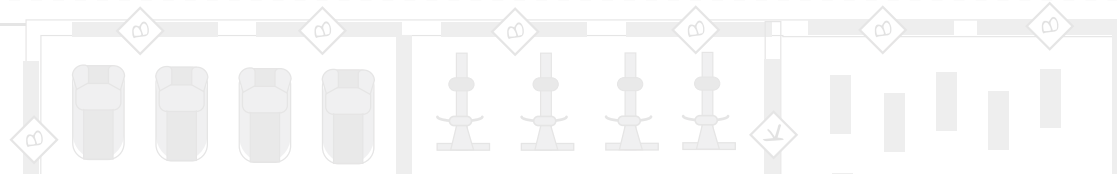

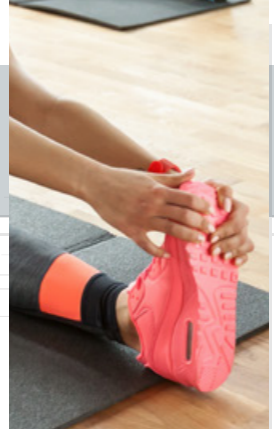

The Axiom Series Adjustable Bench adjusts six ways, including flat and incline, to support a variety of workouts for exercisers who use free weights. Angled lumbar pad provides ultimate comfort and biomechanical support. Medium sized wheels create an easy, low profile form of transportation. 6 Adjustment angles: 0°, 15°, 30°, 45°, 60°, 75°.

MSRP \$1269

**YOUR PRICE \$939**

## LIFE FITNESS AXIOM SERIES FLEXIBILITY TRAINER

The Axiom Series Flexibility Trainer supports proper body position for stretching and uses gravity to stretch all major muscle groups in a compact design. Pivot system allows user to have a greater range of movement to accommodate various body types and levels of flexibility.

MSRP \$1496

**YOUR PRICE \$1200**

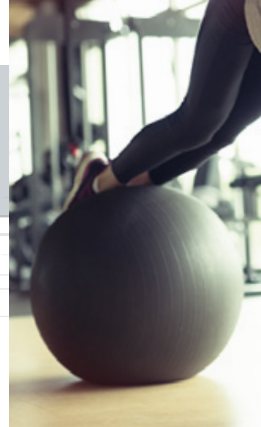

## TRUE FITNESS STRETCH CAGE

The TRUE Stretch Cage is a revolutionary concept that uses the natural approach to flexibility training. It helps users look and feel better while reducing their risk of injury. The TRUE Stretch Cage provides a dedicated, self-contained stretching area that allows users a safe platform for comprehensive stretching to increase flexibility. The TRUE Stretch eliminates the need for floor-based stretching or leaning uncomfortably over other equipment.

MSRP \$3600

**YOUR PRICE \$2200**

## ACCESSORIES

### HAMPTON FITNESS HEROSTRENGTH "HERO-LLER" FOAM ROLLER

Textured surface offers a superb feel allowing the user to apply significant but bearable amounts of pressure on both muscle and tissue for a true pain/pleasure experience. Use the "HERO-LLER" to improve mobility in joints and to relieve muscles after strenuous training sessions.

MSRP \$39

When it comes to service, we perform on the ultimate stage! Not only do we offer residential and commercial diagnostics and repairs, we also offer options for corporate preventative maintenance programs. If your machine needs a repair or update, we provide a written quote, schedule an appointment around your schedule, then send our skilled and experienced factory-trained technician to address the issue. Get the kind of service you deserve with a subscription program designed around you!
